TABLE OF
CONTENTS

In today's world of heightened security, the need for identification products has dramatically increased. More and more people are wearing attachment products everyday resulting in the development of more comfortable (to wear), functional, attractive and affordable products to fill this need.

The products featured in this catalog have been selected because they accomplish one or more of these objectives. They are made of durable, high-quality materials that will meet or exceed your expectations for product performance and longevity.

Although this catalog showcases an extensive selection of our top-selling products, we are always developing new products to meet the ever-changing demands of the marketplace. If you don't see what you want, give us a call. We have many additional options and will help you find the product that best suits your need and budget.

PassagePoint® EXPRESS SOFTWARE

PL-45-1
No other visitor management product offers such functionality, speed, and ease of use. With its impressive upgrade path, PassagePoint Express software is the perfect solution for organizations that need complete visitor management without the extra security features and scalability of PassagePoint Professional and Enterprise software.

PL-45-1
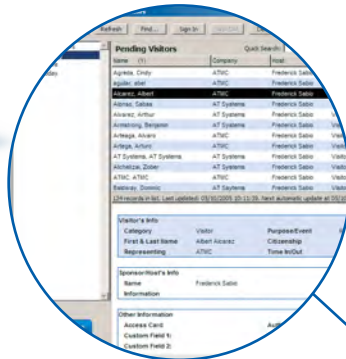

THE EXPLORER WINDOW

The PassagePoint Express software Explorer Window provides a familiar layout of information that users quickly learn without training.

- View a sortable list of pre-registered visitors
- Preview information for each visit and make changes or add additional information
- Create new visits and immediately populate the fields by scanning a business card
- Sign visitors in and print badges with one click

The Explorer Window provides all the essential information and features in a single, easy-to-use screen.

PassagePoint™ EDU SOFTWARE

E-EDU-1
PassagePoint EDU visitor management has been developed specifically for K-12 schools and districts. Watch lists can be imported to provide on-screen warnings of those who should be denied access to school premises. It also notifies staff of VIP visitors and provides accurate information on child custodial issues. Reports on visitors, volunteers, students and others are now readily available to staff members using PassagePoint EDU.

- Badge visitors to show visit is approved
- Import sexual predator lists
- Use watch lists for denying entry or identifying VIP visitors
- Check photos to confirm adult ID before releasing a student
- Print temporary badges for students or staff who have forgotten their ID badges
- Works with TEMPbadge® Self-Expiring school badges

Badges with TIMEtoken indicators have a pre-printed 1" x 2" (25.39mm x 50.79mm) bar area. Simply apply the TIMEtoken indicator to the pre-printed bar area and the expiration process begins.

• High visibility helps identify visitors at a glance
• Expiration prevents unauthorized reuse – no need to worry about uncollected badges
• Available as adhesive or clip-on badges with TIMEtoken indicators

EXPIRING SCHOOL BADGES

When an adhesive timing cover is applied to the front of the badge, a color change appears in a Half-Day (4 hours) or One-Day (8 hours) so the badge cannot be reused.

- No need to worry about unauthorized re-use of uncollected badges
- Patented color change is highly visible from a distance
- Perfect for students who forget their school ID
